Testimonials

Kind messages to: SORINTians

Globally known banking and finance entity

Sorint is great in everything they offer. You will enjoy working with them.

This is a result of a good working enviroment.

An attendee

I learned a lot. The projects we worked on boosted my knowledge. It exactly what I needed to start using Carbon Black for our own environment. It was not possible online. The documentation of the platform was just not enough. I had a good theoritical understanding but not enough exeperince to manage everything. Now I feel like an expert.
