“ Globally known banking and finance entity

Sorint is great in everything they offer. You will enjoy working with them.

This is a result of a good working environment.

”

“ An attendee

I learned a lot. The projects we worked on boosted my knowledge. It exactly what I needed to start using Carbon Black for our own environment. It was not possible online. The documentation of the platform was just not enough. I had a good theoretical understanding but not enough experience to manage everything. Now I feel like an expert.
