SORINT.lab

BUILDING GREAT TECHNOLOGY

aws

Center of Excellence

Agenda

- Technology's Scope

- Common Activities

- The Make IT Model – Journey Overview

- Why SORINT.lab

- Service's Delivery Model

aws

AWS

We are a Strategic Partner with a solid portfolio of projects spanning the entire spectrum of AWS technology.

Providing end-to-end support, from initial consultancy and design to implementation, all the way to fully managing and operating complex domain-related projects

Migration

DevOps
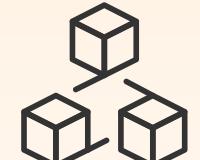

Big data & analytics

Storage & backup

24/7 Monitoring & operations

Common activities

Migration
- Design of architectural solutions
- Infrastructural, architectural and process migration
- Customer Support in Cloud Approach (CAF)
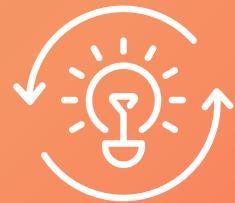

DevOps
- Cloud development
- Adopting non-cloud native applications
- Implementing Container/ microservices & CI/CD on cloud
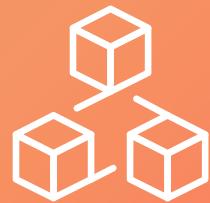

Big data & analytics
- Analysis & reporting complex data
- Developing reliable, secure, and scalable cloud analytic solutions

Storage & backup
- Migration
- Hybrid, scalable, and efficient storage system design
- Integrating cloud backup

24x7 monitoring & operations
SLA dynamically defined service often includes activities such as incident response procedures, around the cloud observability, focal contact point between vendor and client

The Make IT Model

Overview on the journey

Discovery & Strategy
Defining objectives, activities, solution choice & project governance approach.

Complying with industry regulation

Planning & Method
Roadmap delivery, verification, means of communication, specializations involved, necessary alignments, & attributes of QA are some deliverables of this phase

Implement
Execution activities

Post & pre-project documentation

Testing & Post Support
Validation & verification of all performed activities

Manage & Operate
24x7x365 dynamically tailored operating model defined & regulated through SLA

Multi-disciplinary pool of expertise

SORINT.lab operational capabilities

Quality Assurance team & SLA compliance

Day x — Continues support — Continues support — Continues support — Day y

A Multidisciplinary Enrichment

Osircles

A framework which allows effective collaboration across specializations, maximizing value by involving experts from every field. Smoothly!

Cyber-security

Managed Services (24x7x365)

Governance & compliance

FinOps

Advanced Analytics

Green IT

Why SORINT.lab

Experience

Managing Infrastructure projects
40 years working with prominent brands in Europe, US, and Africa

24/7

Strategical & Practical Driven-experience

GREEN IT

PMs with Technical Background

Assessment Portals for a Jumpstart!

130+ entity
Certification & Training
Top-tier in all relevant fields & domains. Certified "Training Partner" to key vendors

Tackling challenges with SORINT.lab

100% Vendor Independent – Purpose

Believe in technology that fosters innovation and human wellness. Our commitment towards every company, institution or community is to help them run their business and solve their problems through a choice of the best technology.

End-to-end Technology Support
Holistic IT & governance capabilities, rather than a point solution

Offering's Delivery Models

Consultation
Discovery phase, architecting solutions, tech selection, optimization, educational initiatives

Staff Augmentation
Join client's team

Project-based
Addressing client's specific requirements. Up to 24x7 management & operation

Request Case Studies

We are all ears!
